

*The Gertrude Cetinski Annual Lectureship Presents*

# DRIVING & DEMENTIA

**Brenda Vrkljan** PhD, O.T. Reg. (Ont)

*Associate Professor of Occupational Therapy  
School of Rehabilitation Science, McMaster University*

**THURS. SEPTEMBER 20<sup>TH</sup> 2018**

**7:00-8:30PM**

**ROYAL BOTANICAL GARDENS**

**680 PLAINS ROAD W. BURLINGTON**

**RSVP: 905.529.7030**

Dr. Vrkljan was the lead investigator of the McMaster-Candrive team, a Canadian Institutes for Health Research (CIHR)-funded initiative, which tracked over 1000 older drivers in Canada, Australia, and New Zealand.

Her passion for promoting safe and functional mobility across the lifespan is the theme that drives her research.

Join us to learn more about the impact of dementia on driving and why planning ahead for driving retirement is important.
