**Hamilton Aging
in Community**

We are committed to
learn and inform others
about housing alternatives
and other mutual support
strategies for maturing
adults and seniors.

Hamilton Aging in
Community is hosted by
a group of community-minded
individuals, mostly
between our mid 50's
and mid 80's
residing in the Hamilton Area.

Our purposes

→ Promoting resilient aging
in community by
disseminating information
to maturing adults and
seniors,
as well as those serving
seniors.

Sustaining a mutual
support system of
maturing adults and
seniors.

Establishing awards to
recognize contributions
to resilient aging in
community.

Promoting lifelong
learning, housing options
for seniors,
and intergenerational
engagement through

and actively
collaborating with other
